**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

WE think Century Link, Cable Companies, and the like are a Ripoff. We couldn't get rid of CenturyLink fast enough. Our local Internet provider is very important and represent providing a fine service to our community. The telecommunication Company giants continue to bully the little companies that have worked hard and still DO provide important service to local markets.

We think Century Link, Sprint, AT&T are overpriced and have been paying off the officials to soak us little guys so they can keep buying more companies and taking over a controlled market.

DO NOT LET BIG CABLE AND COMMUNICATIONS Companies force folks like GORGE NETWORKS to provide less service for more money.

Gorgenetworks gives us very good service for a reasonable profit and is a very important asset to our community.

Don't ever forget we don't have to buy Century Link. THIS DEAL IS "RIGGED" to Screw Gorgenetworks.

WE are contacting Donald Trumps office to make sure they know about what they rascals are trying to do.

Century Link companies are BAD NEWS.

We little guys of America keep getting screwed by the big company lobby.

((DONT DO IT!!))
